

Dear colleagues,

Our services are still active.

Children's health services are still being provided in the Norfolk community. We have just created a [quick reference summary document](#) that outlines how our services are still being delivered. This reference sheet is just for professionals, if you need more information call **0300 300 0123** or visit www.JustOneNorfolk.nhs.uk/our-services

#WeAreStillHere

Our **#WeAreStillHere** campaign is still running to remind families that our services are still here to help and support them.

A sub campaign of #WeAreStillHere is '**DON'T WAIT, GET HELP**' which is focused on helping families spot serious illness and reassure them that the NHS is still here to help them.

A dedicated self-help webpage has been created on Norfolk's trusted children's health resource JustOneNorfolk.nhs.uk, which not only helps families spot the signs of serious illness – it tells them what to do next.

Children & Young People's Health Service NHS

Get help, it could be serious

Stiff neck? Headache? Tummy pain? Sickness? Runny poos? Fever? Persistent cough? Very thirsty? Very tired?

DON'T WAIT

GET HELP

#WeAreStillHere

Children & Young People's Health Service NHS

Emergencies are still emergencies

Chest pain, difficulty breathing, choking, drowning, heavy bleeding, severe burns, fitting/seizures, strong allergic reactions, loss of consciousness.

DON'T WAIT

GET HELP

#WeAreStillHere

If someone's life might be in danger, Don't hesitate: DIAL 999

A supporting social media campaign has launched so please like and share the posts if you see them. #WeAreStillHere

ALL BABIES CRY

In December 2020, Norfolk Safeguarding Children Partnership launched 'All Babies Cry' a campaign created in collaboration to help normalise babies crying and offer local support to parents.

We are encouraging all our colleagues to get involved in the campaign, by asking parents at every contact how they are coping with the babies crying and directing them to the local [online resources](http://www.JustOneNorfolk.nhs.uk/AllBabiesCry) on www.JustOneNorfolk.nhs.uk/AllBabiesCry

A [digital flyer](#) has been created to help start a conversation with families. More digital materials are available on the [All Babies Cry resource portal](#). For more information please see the [briefing message from Norfolk Safeguarding Children Partnership](#).
